

object

```
graph BT; Handler[scripts.operations.EvalTm Handler] --> Object[object];
```

A diagram illustrating a relationship between a handler and an object. At the bottom is a gray rectangular box with a black border containing the text "scripts.operations.EvalTm Handler". A blue arrow points vertically upwards from the top center of this box to a white rectangular box with a gray border at the top, which contains the text "object".

scripts.operations.EvalTm
Handler
